

I N M E M O R I A M

We regret to announce the death of Mrs. Helen Smart, occurred in London last August.

She was a familiar figure in all Montessori Congresses: her cheerful disposition, her ready laughter and her unshakable serenity often served to dispel the tension in moments of conflict.

Her many friends and admirers in the Montessori field will sorely miss her in future and in expressing their sympathy to Dr. Smart, her husband and our beloved President, wish to assure him of their share in his great sorrow.
