

Systematic observation reveals many interesting facets about the child's nature and the adult is helped to discern the needs of the child and respond to them, i.e. to serve the child better.

H.K. Patell

### **NOTICE OF ANNUAL GENERAL MEETING**

The Annual General Meeting of the AMI will take place on Saturday the 17th April, 1993 at 2 o'clock at 57 Nes, Amsterdam, the Netherlands (the same venue used for the last 10 years).

The Agenda, confirmation of the time and directions on how to reach the venue will be published in the first issue of *Communications* for 1993. Members who have any special items they wish to have discussed at the meeting are requested to submit their points to Head Office before the 22nd January, 1993.

As is customary, reports from the Affiliated Societies and the Training Centres will be presented. We request the Training Centres in the U.S.A. to send their individual reports to AMI/USA, who will present them as a combined report.

Reports from other Montessori sources are also welcome.

This year we would like to receive your report by mid-February, preferably in English, with a format of one page A4. As has happened in the past, the reports will also be published in *Communications*, no. 2/3.

### **AN URGENT MESSAGE TO OUR MEMBERS!**

If you are planning on attending the Annual General Meeting may we advise you to make your hotel reservation in good time, i.e. by mid-January at the latest!

The Easter holiday period is always an extremely busy time in Amsterdam and all accommodation is fully booked well in advance.

### **REMINDER**

**May we remind members that their subscriptions fall due on the 1st January, 1993.**  
(This does not apply to members in the U.S.A. where the academic year is used.)
